## WORK EXPERIENCE

**Web Development Team Lead @ ChapoRoyal**          Feb. 2017 -
- Leading the team of 2 front-end and 2 back-end developers.
- Planning projects with my employer, setting tech agenda for the team, and reviewing the teammates' code.
- Working on several B2B projects, including an exhibition ticketing solution.

## PROJECTS

**CodeHigh / Web**                                          2017
- Developed a platform for coders to compete real-time.
- Won Hack K-State and Developer Circles Community Challenge.

**DuoCoder / Web**                                          2016
- Developed a programming language learning platform inspired by Duolingo.

**algorithm-visualizer / Web**                              2016
- Developed an interactive online platform that visualizes algorithms from code.
- Gained 10k+ stars on GitHub.

**Taskbar 7 / Android**                                     2013
- Developed a floating widget behaving like a Windows taskbar.
- Made $8k in a month.
