Work Experience

ChapoRoyal   2017 - Present
- Leading a team of 2 front-end and 2 back-end developers.
- Planning projects with my employer, setting tech agendas for the team, and reviewing my teammates' code.
- Working on several projects outsourced from businesses.

Projects

GT Scheduler   2018
- Developed a scheduler that helps students find the best schedule among all the possible combinations of courses.
- Around 1k Georgia Tech students have used it.

Algorithm Visualizer   2016
- Developed an interactive online platform that visualizes algorithms from code.
- Over 35 developers have contributed to it.
- Gained 13k+ stars on GitHub.

Taskbar 7   2013
- Developed a floating Android widget behaving like a Windows taskbar.
- Made $8k in a month from Google Play.

Awards

EarthxHack   2018
- Third Place

Kansas State University HS Programming Contest   2017
- First Place in Advanced Division

Consortium for Computing Sciences in Colleges: Midwest   2017
- First Place in Application Track of Student Showcase

University of Texas at Dallas HS Programming Contest   2016
- First Place in Advanced Division

USA Computing Olympiad   2015
- Platinum Division

Education

Georgia Institute of Technology
- BS in **Computer Science**
- Concentration in **Theory** and **Intelligence**
- Minor in **Economics**
- Expected **Dec. 2020**

Coursework

- Data Structures and Algorithms
- Introduction to Discrete Mathematics
- Objects and Design
- Design and Analysis of Algorithms
- CREATE-X Capstone Design
- Technical Communication

Skills

JavaScript	Expert
Java	Advanced
Scala	Advanced
Haskell	Intermediate
C++	Intermediate
Python	Intermediate

Languages

English	Fluent
Korean	Native
Spanish	Intermediate
